

# Wichita VA Regional

A VA Force for Good

## VBA Walk-in Claims Pilot

The Wichita VA Regional Office has implemented the Walk In Claims Pilot Initiative.

As part of this pilot, Wichita RO will begin offering a claims clinic. In this one hour session, we will provide veterans information regarding the claims process and discuss the evidence needed to support specific types of compensation claims.

Veterans may also simply schedule an appointment with a claims coach who will assess their claim for compensation and/or pension. We will help interested Veterans file a claim and review all of the claim specific evidence they have in their possession. We will then provide the Veterans with a decision, or at a minimum, detailed information regarding the evidence needed by VA to decide the claim that same day.

To reserve a seat at the next claims clinic or to set up an appointment with a claims coach, please call 1-800-827-1000 or contact your Veterans Service Officer.
